MANGIA'S SANTA TERESA RESORT

The Santa Teresa Resort overlooks the sea, on the small bay of Santa Reparata, protected from the wind by Capo Testa. Immersed in a unique landscape where sandy beaches alternate with small rocky coves. The Santa Teresa has an architectural style that recalls Arabic suggestions, with elegant arches, stucco reliefs, floral ornaments, columns, and golden tones. The rooms, all renovated, are divided over two floors of the buildings, arranged around charming flowered patios and connected to each other by staircases, arches, and covered passages. Cozy, bright, and functional, they are carefully designed with attention to detail and equipped with all the amenities to ensure a quality stay.

Not far away is the beach with clear sand, surrounded by a fragrant Mediterranean scrub.
